

100TH DAY OF SCHOOL

Friday, February 19, 2016

Frylands first grade student, Alex Brown, found out if it took more or less than 100 licks to get to the center of a Tootsie Pop

Ms. Avila, Kindergarten teacher at Chain Lake, showed students what she would look like as an 100 year old

Ethan Brewer, 1st grader at Salem Woods, dons 100 day glasses

Primary Students Celebrate 100 Days of Learning

One hundred was the magic number Friday, February 19th at Monroe Public Schools. Elementary students district-wide celebrated 100 days of learning by playing math games, creating art projects, and writing stories all focused on the number "100." Learning to count to 100 is a major milestone for primary students and the day provided an avenue to celebrate how much they've learned this year and to use mathematical concepts to demonstrate their learning in a fun and exciting way.

Salem Woods 1st/2nd grade students, Tannen Gonzaglez (left) and Madelyn Clark (right), demonstrated mathematical skills as they sorted and graphed 100 gumballs.
