

8-14-15

Summer lunch and activities continue in Monroe through September 4. Below is info about recent visitors from Monroe Police Department. Photo is Courtesy of MPD.

Monroe Police officer Javier Patton showed off one of the Police Department's new motorcycles to the children attending the Summer Star Club activities following Monroe Public Schools' Summer Lunch Program at Frank Wagner Elementary School in Monroe. Lunches are served each weekday from Noon to 12:45 p.m. at the school. All youth from any community younger than age 18 are invited. Community member Chris Waltman coordinates the activities that help provide students a fun, learning activity following their free meal. Officer Patton talked to the children about his work as a police officer. In addition, Patton and the other officers attending set up an obstacle course for children to try as an example of the importance of physical fitness to public safety work and in life.
