Dear Parent,

Your child is being referred as a candidate for participation in the Highly Capable Program. We would like to test your child to see if he/she meets the qualifications for the program. The first step in data collection for this process is your student taking the Cognitive Abilities Test (CogAT) Screener. This screener, along with other educational data, will be used to make a determination if your student qualifies for Highly Capable Programing. Your permission is needed to screen and assess your child’s educational needs.

☐ I authorize the Monroe School District to include my child in the pool of students to be screened for participation in Monroe School District Highly Capable Program. I grant permission for Monroe School District to administer The Cognitive Abilities Test (CogAT) Screener to my child and personnel to gather and review educational data on my child. I understand that referral is not an assurance of placement.

☐ I decline testing of my child at this time.
