Key Information

Program Information

Elementary and Secondary School Emergency Relief (ESSER III-ARP) funds, were authorized under Section 2001 of the American Rescue Plan (ARP) Act of 2021, enacted March 11, 2021. The Act provided to state educational agencies (SEAs) and school districts to help safely reopen and the safe operation of schools and address the impact of the coronavirus pandemic on the N students. **Funds to Local Educational Agencies (LEAs) are allocated on the basis of respective shares of funds received under Title I, Part A of the Elementary and Secondary Education Act of 1965 in fiscal year 2020. Therefore, districts will not receive the proportionate share of ESSER III-ARP funds as they did for the first round of ESSER (ESSER I).**

ESSER funds are allowable to fund costs incurred on or after March 13, 2020, when the pandemic was declared a national emergency, and all funds must be obligated by September 30, 2021. This includes one-year carryover as allowed under the Tydings Amendment (34 CFR 76.709). These funds are one-time funds that should not be committed to ongoing financial obligations.

Allowable Activities

The allocation in this form package is the 20 percent of the total ESSER III-ARP allocation that is required to address student learning recovery and acceleration (learning loss). The remaining 80 percent of the total ESSER III-ARP allocation will be available after the first round of funding and will be included in a separate iGrants form package.

LEAs shall reserve not less than 20 percent of such funds to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs, an

that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of the coronavirus on the student subgroups described in section 1111(b)(2)(B)(xi) of the Elementary and Secondary Education Act of 1965 (20 U.S.C.6311(b)(2)(B)(xi)); each major racial and ethnic group, children from low-income families, children with disabilities, English learners, gender, migrant students, students experiencing homelessness, and children and youth in foster care).

OSPI is currently working on a more specific definition of activities related to accelerated learning. It may be that the existing budget matrix in this application will not provide the detailed level of reporting desired by our agency, the Legislature, or the Department of Education. If additional reporting in Smartsheet is required to capture additional detail specifically around the accelerated learning money, we will inform you as soon as possible.

1. Please describe how the funds will be spent to address student learning recovery and acceleration.

For our 2021 summer programming, we are planning to provide programming for students in grades PreK-12. We will engage our students in an exciting program structured around social-emotional, SEL, and team-building activities, academic learning and supports, and CTE-based activities. In order to provide an inclusive program, we will be co-planning this programming with our student services department to support students who may need additional support and recovery services including communication and fine motor skills. This is a summer program that we will build on in upcoming summer sessions.

We will be using our Title I, Title III, and LAP plans as a guide for the use of our remaining ESSR III funds. This will allow us to reach more of our students who are performing below the standard than what we are currently able to do. In addition to the above, we will be providing tutoring services as needed.

We will be supporting our high school students by offering credit retrieval opportunities over the summer, there will be a designated staff member who supports students to access these services. We will also be providing tutoring services for identified students.
