Intra District Transfer

Additional Information/Guidelines

1. Intradistrict Transfer Requests are granted for no more than one school year under the guidelines of Monroe School District policy #3131. Enrollment priority is given to students living within the attendance area boundaries of each school. Exceptions involve programs located only at specific schools where students enrolled in the program must attend in order to participate.
2. Principals must ensure that a balance is maintained among grade levels at each school by carefully tracking enrollment patterns. A district administrator facilitates the process by working closely with building principals/designees to coordinate transfer decisions.
3. A conference with a building principal may be required in some cases prior to a final placement decision. Transfer requests are considered on the following basis:
 - Potential benefits for the student requesting the transfer
 - Classroom capacity
 - Program capacity and/or availability
 - An assessment of the degree of risk to the health/safety of the student and others if the transfer is approved
4. Parents/Guardians are responsible for providing transportation unless a specific district program (Excel, ELL, etc.) is located at the requested school.
5. Transfers are granted for one school year. There is no assurance that a transfer request will be approved in subsequent years.
6. It is the responsibility of the parents/guardians to ensure that any conflicts related to the conditions of legally decreed parenting plans and/or court orders are resolved prior to the time the transfer request is considered for approval. After approval, any copies of parenting plans and/or court orders must be provided to the school where the student is or will be attending.
7. A transfer may be revoked during the school year when in the judgment of the principal the student is not benefiting from the transfer and/or creating a substantial obstacle to the opportunities of other students to learn in an environment free of unnecessary disruptions.
8. If a transfer request is denied or revoked, the parent/guardian may appeal by asking the superintendent to review the decision.
