

*Sky Valley Education Center  
3<sup>d</sup> Year Math Option  
Verification Form*

*I, \_\_\_\_\_ am taking the following 3<sup>d</sup> Year Math Course: \_\_\_\_\_ that is based on a career-oriented program of study identified in my high school and beyond plan that I am currently pursuing.*

*My Parent/Guardian and I agree that the third credit of mathematics elected is a more appropriate course selection than Algebra 2 or Integrated Mathematics III because it will better serve my education and career goals.*

*I have been advised of the following requirements for credit bearing two and four year college level mathematics courses:*

*\* In order to obtain a two year Associative of Arts degree from a Washington State Community College, I will need to demonstrate proficiency in Algebra II/Intermediate Algebra by successfully completing the course either in High School or at the Community College.*

*\* In order to be accepted directly into a public four-year Washington University upon high school graduation, I will have to complete Algebra II/Trig during high school.*
