MAINTAIN STUDENT CONFIDENTIALITY

Volunteers are required by federal law to keep all student information that they obtain while working as a volunteer for the district confidential. Student information includes all academic, medical and personal information. In addition, volunteers cannot take photos or share student work. Disclosure of student information by a volunteer is a violation of the **Family Education Rights and Privacy Act of 1974 (FERPA)** and may subject the volunteer and the district to civil liability.

REPORT SUSPECTED ABUSE OR NEGLECT

State law provides that education professionals are mandated reporters of suspected child abuse. A volunteer who has reason to believe that a child has been subject to abuse or maltreatment must report it immediately to the teacher, school principal, or another school district employee.

HARASSMENT REPORTING

Pursuant to Board Policy 3205 no person, including a District employee or agent, or student, shall harass or intimidate another student based upon a student's sex, color, race, religion, creed, ancestry, national origin, physical or mental disability, sexual orientation, or other protected group status. Sexual harassment is behavior that is of a sexual nature and unwelcome. Adult-to-adult, adult-to-student, student-to-student or student-to-adult harassment is prohibited. If you believe you are a victim of harassment or violence, or have information about the harassment or violence of any adult or student, you must report it to the building administrator or staff contact.

HARASSMENT, INTIMIDATION AND BULLYING (HIB)

Pursuant to Board Policy 3207, the board is committed to a safe and civil education environment for all students, employees, parents/legal guardians, volunteers and community members that is free from harassment, intimidation or bullying. "Harassment, intimidation or bullying" means any intentionally written message or image – including those that are electronically transmitted – verbal, or physical act, including but not limited to one shown to be motivated by race, color, religion, ancestry, national origin, gender, sexual orientation including gender expression or identity, mental or physical disability or other distinguishing characteristics.

All volunteers are required to report to building administration any instances of harassment, intimidation, and bullying immediately.

RESPECTING CLASSROOM ACTIVITIES

The time a volunteer spends in a classroom is important to the teacher and the students. Siblings are not to accompany parent volunteers in a classroom setting.

If you volunteer in your child's class, please do not engage your child's teacher in an impromptu conference while volunteering. You may schedule a teacher conference at any time throughout the year.

Student Discipline is not a volunteer responsibility. When concerns about disciplining students occur, these concerns should be addressed to the classroom teacher or building administrator.

WORKING WITH STUDENT

Effective Communication with Students

Encouraging students with words and gestures can help them explore and understand. Let them know you hear, accept and respect what they have to say. Here are some tips to encourage student learning, encourage them to verbalize their learning and persevere through difficult or challenging problems and projects.

- A student's name is very important. Make sure you can say and spell it correctly.
- Make sure the student knows your name and can pronounce it correctly.
- LISTEN! Show that you are interested in them by listening to what they have to say.
- Treat individuals with respect and courtesy and expect the same in return.

- We all make mistakes. Assure students this is a part of the learning process.
- Build the student's self-confidence. Give them frequent honest feedback and encouragement.
- Be patient. Give students ample time to complete a problem or understand a new concept or idea.
- Be reliable. Students will be disappointed when you are absent.

It is important for students to learn problem-solving skills in relation to their studies as well as real world application. Not giving them enough time to complete a problem or rushing to completion diminishes their own confidence as a learner. Here are some tips to support their learning and promote Questions of Inquiry.

- Can you tell me more about ____ (picture, project, story, homework assignment etc.)?
- I see that ____.
- I don't understand. Could you give me an example?
- Is there another way to ____ (explain, read, solve)?

Positive statements greatly influence students' attitudes about themselves and their work. However, "nice job" provides limited encouragement and direction to students. Try to keep comments timely, specific, and descriptive, not evaluative. If the assignment requires further work, offer to assist with clear direction. Here are some comments for providing positive feedback and encouragement to students.

- I can tell you worked really hard on that. Have you considered ____?
- That is a great observation.
- I like how focused you are on your work. Do you recall the assignment objective?
- You are improving your calculations with each math problem completed.
- Is there another way to ____ (explain, read, solve)?

Working with Students from Diverse Cultural Backgrounds

Students in Monroe School District come from many different families, cultures, and communities – each with its own set of values and beliefs. Our individual culture, beliefs, values, and behaviors seem natural as a part of who we are such that sometimes it is often challenging to understand others with unique traditions.

Because of the many unique ethnic groups represented in Monroe Schools, children speak many different languages and have many varied beliefs and customs. Children from diverse cultures are acclimating – that is, living in both cultures. Each individual must honor the beliefs and habits of their culture of origin, while learning to respond to the beliefs and habits of the school culture. *Volunteers should be aware of the delicate balancing act students live every day.*

Cultural differences may affect a student's background knowledge, learning style, behavior, and social skills. Specifically, you may experience cultural differences with regard to:

- Varying learning styles
- Eye contact
- Sense of time
- Effective discipline

- Student motivation
- Personal space and appropriate touch

CHAPERONE GUIDELINES

School-sponsored field trips provide valuable experiences for students.

Chaperones are volunteers who agree to accompany and assist Monroe School District staff on school-sponsored field trips. Chaperones provide additional adult supervision and ensure a safe and well-supervised learning experience for students.

Students are expected to treat adult volunteers with a cooperative attitude, courtesy and respect. Teachers and school administrators are responsible for assigning specific duties for chaperones.

The following guidelines are specific to volunteers who agree to chaperone Monroe School District sponsored activities and are in addition to those previously outlines in this handbooks:

- Only Monroe School District students are allowed to participate in school-sponsored activities (siblings are not authorized to accompany a parent chaperone).
- All participating students must be assigned an adult chaperone.
- All chaperones must adhere to requirements provided by the Washington School Code, Monroe School District Board of Director’s policies, procedures and school rules.
- Chaperones will work cooperatively with other school personnel to meet the needs of students with special needs.
- Chaperones will assist the teacher(s) in implementing all policies and rules governing student conduct.
- Chaperones are not authorized to administer medicine to students.
- Chaperones will report all incidents and disciplinary issues to school personnel in a timely manner.
- Chaperones will maintain student and adult confidentiality.
- Chaperones will take necessary and reasonable precautions to protect the student(s).

Transportation:

The Monroe School District shall provide transportation for all students and teachers. Students are required to use the transportation provided by the school district as part of the class activity. It is preferred that Chaperones ride the bus with students. In some instances, chaperones may be asked to drive their own vehicle, at their own expense and liability, but must be pre-approved.

Chaperone Guidelines for Overnight Stays:

In the event a chaperone volunteers for a field trip that is extended for overnight stays, provisions to ensure the safety and well-being of all participants shall include:

- School District personnel will be responsible for all decisions for the district school-related overnight stay, to include but not limited to chaperone assignment, group assignments, and room assignments.

- Chaperones for overnight trips must be fingerprint background checked and cleared prior to the date of the trip.
- A chaperone assigned the responsibility for maintaining emergency contact and medical information for participating students and adults must keep this information secure and readily available.
- No chaperone shall stay in a room alone with a student unless the chaperone is the student's parent or legal guardian or has been approved by the District Risk and Safety Officer.
- Chaperones will cooperate with the plans made by the trip coordinator to account for weather delays, illness and/or vehicle emergency.
- Chaperones will organize a system for communicating and performing student counts.

RIGHTS OF VOLUNTEERS

Volunteers have the right to:

- Know as much about the school as possible, including its policies, its staff, and its programs.
- Sound guidance and direction by someone who is experienced, informed, patient, thoughtful, and has the time to invest in giving guidance.

If you need help:

If you need more instructions in order to perform a task, please ask the teacher or building administrator. Communicating with the teacher and principal helps to ensure that a volunteer's valuable time is well spent.

Termination/Reassignment of Volunteer Activity:

Volunteers who are unable to continue serving in an assigned volunteer activity should notify the staff contact and school principal.

Individuals who do not meet appropriate requirements for volunteers working with children, as established by state law and the Monroe School District policy, will not be accepted into the program.

Falsification or omission on the registration form, which is a public document, is a criminal offense that can be prosecuted and may constitute grounds for dismissal.

Volunteering is a privilege, not a right. If at any time you do not adhere to our policies, procedures and/or expectations outlined in this handbook, you may be dismissed or reassigned. The District may, in its sole discretion, terminate a volunteer's services.
